

Congressman Brett Guthrie

Congressionally-Directed Appropriations Requests for FY 2010

House Committee on Appropriations Subcommittee on Transportation/HUD

Elizabethtown Airport - \$500,000

Elizabethtown Regional Airport
1828 Kitty Hawk Drive
Elizabethtown, KY 42701

The Elizabethtown area serves as regional hub for many rural communities in central Kentucky. The regional airport is in need of a glide slope to improve instrument landing capabilities.

Western Kentucky University Business Accelerator - \$500,000

Western Kentucky University
1906 College Heights Blvd.
Bowling Green, KY 42101

Small businesses are the backbone of many of Kentucky's communities. The Business Accelerator has already assisted many small businesses during their difficult start-up period, offering them not only a workspace and necessary technology, but a place where their dreams of small business ownership can become a reality. The Accelerator has been successful enough to necessitate expansion. Federal funds would enable them to provide expanded services, add more technology, and serve even more small businesses in the Bowling Green Community.

Bradfordsville School Project - \$385,000

City of Bradfordsville
202 W. Main Street
Bradfordsville, KY 40009

The City of Bradfordsville is seeking to turn a vacant school building into a community center and storm shelter. Funds would allow them to further renovations.

WKU Transportation Fleet Expansion - \$550,000

Western Kentucky University
1906 College Heights Blvd.
Bowling Green, KY 42101

Western Kentucky University is in need of busses to ensure continued service to students and community members. These funds would allow the university to procure a larger hybrid bus, enabling them to expand their service.

Bus Maintenance Facility for the Audubon Area Community Services - \$1,500,000

Audubon Area Community Services
1800 W. Fourth Street
Owensboro, KY 42304

Audubon Area Community Services serves the region, including child services and senior transportation. A bus maintenance facility is critical to ensure that these services are able to reach the rural communities that are most in need.
