

Congressman Brett Guthrie

Water Development Reauthorization Act Project Requests

Green River and Houchins Ferry (Edmonson County) - Dredge pools for both the Green River and Houchins ferries and extend length of ramps serving the Green River Ferry to ensure continued function.

Lock and Dam 6 (Edmonson County) - Design and construct stabilization measures on the lock and dam structures associated with the Lock and Dam 6 on the Green River Ferry. The Corps is not permitted to de-authorize Lock and Dam 6.

Leitchfield Water Supply (Grayson County) - Maintain the current water level of 475 feet MSL at Rough River Lake and dredge the intake of the Leitchfield Water Supply facility.

Barren River Lake (Warren County) - Maintain the current winter operating levels for Barren River Lake.

Rochester Dam (Ohio County) - Design and construct stabilization measures on the lock and dam structures associated with the Rochester Dam, located at Green River Mile 108.5

Wolf Creek Dam (Russell County) - Classification of the Wolf Creek Dam repair work as dam safety and, therefore, subject to the statutory cost allocations in Section 1203 of 1986 WRDA.
