The Honorable Rosa DeLauro
Ranking Member
Committee on Appropriations
1036 Longworth HOB
Washington, D.C. 20515

Dear Chairman Cole and Ranking Member DeLauro,

I am requesting funding for Cloverport Wastewater Treatment Plant Improvements in Fiscal Year 2027. The entity to receive funding for this project is City of Cloverport, located at 212 West Main Street, Cloverport, KY 40111. The funding would be used for the City of Cloverport's new wastewater treatment plant. The project is an appropriate use of taxpayer funds because this funding would eliminate a potential increase in wastewater rates as well as decrease overall operation and maintenance costs, providing long-lasting infrastructure that brings the city back into state and federal compliance.

The project has a federal nexus because the funding provided is for purposes authorized under Section 306 of the Consolidated Farm and Rural Development Act, 7 U.S. Code section 1926(a)(2).

I certify that neither I nor my immediate family have any financial interest in this project.

Sincerely,

Brett Guthrie
Member of Congress
