

Congress of the United States

Washington, DC 20515

March 19, 2026

The Honorable Tom Cole
Chairman
Committee on Appropriations
H-305, the Capitol
Washington, D.C. 20515

The Honorable Rosa DeLauro
Ranking Member
Committee on Appropriations
1036 Longworth HOB
Washington, D.C. 20515

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the Pierce Water Transmission Main Infrastructure Improvement in Fiscal Year 2027. The entity to receive funding for this project is the Green-Taylor Water District located at 250 Industrial Park Road, (P.O. Box 218), Greensburg, KY 42743. The funding would replace and upgrade aging water transmission lines to ensure safe, reliable delivery of drinking water to residents, while also supporting local poultry farm and agricultural operations that rely on a consistent, high-quality water supply. The project is an appropriate use of taxpayer funds because it protects public health, strengthens the region's agricultural economy, reduces the risk of service interruptions, and prevents costly emergency repairs from failing infrastructure.

The project has a federal nexus because the funding provided is for purposes authorized under Section 306 of the Consolidated Farm and Rural Development Act, 7 U.S. Code section 1926(a)(2).

I certify that neither I nor my immediate family have any financial interest in this project.

Sincerely,

Brett Guthrie
Member of Congress
