

Congress of the United States

Washington, DC 20515

May 10, 2024

The Honorable Tom Cole
Chairman
House Appropriations Committee
H-307 The Capitol
Washington, D.C. 20515

The Honorable Rosa DeLauro
Ranking Member
House Appropriations Committee
1036 Longworth House Office Building
Washington, D.C. 20515

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the Shepherdsville WWTP Improvements for fiscal year 2025. The entity to receive funding for this project is the City of Shepherdsville located at 634 Conestoga Parkway, Shepherdsville, KY 40165. The funding would be used for improvements to the wastewater treatment plant, including influent flow metering and sampling, construction of a dedicated plant recycles and tank drainage pump station, construction of two sludge storage tanks, construction of two final clarifiers and a new clarifier splitter box, construction of a new UV and post aeration structure, and adding capacity for effluent pumping when at flood conditions to allow the facility to maintain operation at a recently changed 100-year flood elevation.

The project is an appropriate use of taxpayer funds because it will provide improved sewer services to Shepherdsville and surrounding cities, directly benefiting roughly 25,000 residents.

This project has a Federal nexus because it is for the purposes authorized in Title VI of the Clean Water Act, 33 U.S.C 1381 et seq.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Brett Guthrie
Member of Congress
