The Honorable Rosa DeLauro
Ranking Member
Committee on Appropriations
1036 Longworth HOB
Washington, D.C. 20515

Dear Chairman Cole and Ranking Member DeLauro,

I am requesting funding for Wax Water Treatment Plant Rehabilitation in Fiscal Year 2027. The entity to receive funding for this project is Green River Valley Water District, located at 1180 East Main Street (PO Box 460), Horse Cave, KY 42749. The project would fund a comprehensive rehabilitation of the Wax Water Treatment Plant to ensure safe and reliable drinking water to rural customers in Hart, Grayson and Edmonson Counties. The project is an appropriate use of taxpayer funds because it protects public health, restore compliance with the Safe Drinking Water Act, prevents costly emergency repairs, and ensures long-term, reliable water service for homes, businesses, schools and the regional economy.

The project has a federal nexus because the funding provided is for purposes authorized under Section 1452 of the Safe Drinking Water Act, 42 U.S.C. 300j-12.

I certify that neither I nor my immediate family have any financial interest in this project.

Sincerely,

Brett Guthrie
Member of Congress
