Washington, DC 20515

The Honorable Kay Granger
Ranking Member
House Appropriations Committee
1036 Longworth House Office Building
Washington, DC 20515

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Spears Creek Sanitary Pump Station Upgrade in Danville in fiscal year 2022.

The entity to receive funding for this project is the City of Danville located at 445 West Main Street, Danville, Kentucky, 40422. The pump station itself is located at 825 Hwy 2168 in Danville, Kentucky 40422. The funding would be used for replacement pumps, variable frequency drives (VFDs), rehabilitation of the wet well, and electrical and SCADA upgrades at the Spears Creek Sanitary Pump Station in Danville, Kentucky.

This project will provide an essential service to the entire area around Herrington Lake in Boyle, Mercer, and Garrard counties. The current pump has incurred significant repair costs over recent years and is not adequate to handle the demands of the system, nor does not meet current sanitation or environmental standards.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

BRETT GUTHRIE
Member of Congress
